Report of the Security Council Committee established pursuant to resolution 2140 (2014)

I. Introduction

1. The present report of the Security Council Committee established pursuant to resolution 2140 (2014) covers the period from 1 January to 31 December 2017.
2. The Bureau of the Committee consisted of Koro Bessho (Japan) as Chair and the representative of Ukraine as Vice-Chair.

II. Background

3. By its resolution 2140 (2014), the Security Council imposed an asset freeze and a travel ban, for an initial period of one year from the date of the adoption of the resolution (26 February 2014), on individuals and entities engaging in or providing support for acts that threatened the peace, security or stability of Yemen. Exemptions to the measures were also included. The Council established a committee to designate such individuals and entities and to oversee the implementation of the measures and a panel of experts to assist the Committee in carrying out its mandate. The Committee was also tasked with encouraging a dialogue between the Committee and interested Member States, in particular those in the region, and directed to cooperate with other relevant Council sanctions committees, in particular the Committee pursuant to resolutions 1267 (1999), 1989 (2011) and 2253 (2015) concerning Islamic State in Iraq and the Levant (Da'esh), Al-Qaida and associated individuals, groups, undertakings and entities. On 7 November 2014, the Committee designated the former President of Yemen, Ali Abdullah Saleh, and two commanders of the Houthi Ansarallah movement as subject to the asset freeze and travel ban.
4. By its resolution 2216 (2015), the Security Council renewed the asset freeze and travel ban for a further period of one year and also imposed a targeted arms embargo against designated individuals and entities. Inspection provisions were included in the context of the enforcement of the arms embargo, including requirements with regard to reporting to the Committee by any Member State when it undertakes an inspection, and additional reporting if prohibited items for supply, sale or transfer are found. The Council broadened the designation criteria to include violations of the targeted arms embargo as well as obstruction of the delivery of humanitarian assistance to Yemen or access to, or distribution of, humanitarian assistance in Yemen. It designated the leader of the Houthi Ansarallah movement, Abdulmalik al-Houthi, and the former President's son, Ahmed Ali Abdullah Saleh, as subject to the sanctions measures. The mandate of the Panel of Experts was also broadened to include monitoring the implementation of the arms embargo, and the size of the Panel increased from four experts to five as a result. By its resolution 2266 (2016), the Council further renewed the asset freeze and travel ban, as well as the mandate of the Panel of Experts.
5. The mandate of the Panel of Experts was most recently extended until 28 March 2018 by the Council in its resolution 2342 (2017), by which the Council also renewed until 26 February 2018 the asset freeze and travel ban.
6. Further background information on the Yemen sanctions regime can be found in the previous annual reports of the Committee.
