IV. Travel Ban

15. Please provide an outline of the legislative and/or administrative measures, if any, taken to implement the travel ban.

The Travel Ban is implemented administratively by inclusion and circulation of the relevant details in the Watch List which is available to all officers at ports-of-entry.

16. Have you included the names of the listed individuals in your national ‘stop list’ or border checkpoint list?

The names of listed individuals and other particulars once circulated to the relevant immigration agencies are incorporated into the national Watch List. This is a paper-based arrangement.

17. How often do you transmit the updated list to your border control authorities? Do you possess the capability of searching list data using electronic means at all your entry points?

The updated list is transmitted to border control authorities on a continuous basis. Dominica does not possess the capability to search List Data using electronic means at all entry points.

No listed individual has been stopped at border points or has transited through Dominican territory.

Consular offices do not have a “reference database” incorporating the Consolidated List. Overseas missions of the Commonwealth of Dominica are informed by the Consolidated List.

V. Arms Embargo

20. What kind of export control do you have in place to prevent the above targets from obtaining the items and technology necessary for weapons development and production?

The Office of the Prime Minister must approve all importation, transit and exportation of weapons through Dominican ports. Importers/exporters and shipping agents must furnish all documentation, that is, import, export, and transit certificates and/or licenses for approval by the Office of the Prime Minister prior to them being allowed to enter the country.

This is in line with the Organization of American States (OAS) Model Regulations for the Control of the International Movement of Firearms, their Parts and Components and Ammunition.

21. What measures, if any, have you adopted to criminalize the violation of the arms embargo directed at Osama bin Laden, members of al-Qa'idah organization and the Taliban and other individuals, groups, undertakings and entities associated with them?

The export of military goods without a permit (which would not be granted to Osama bin Laden, al-Qa'idah or the Taliban) is a violation of the **Firearms Act, or Export and Import Act**.

22. Please describe how your arms/arms broker licensing system, if any, can prevent Osama bin Laden, members of al-Qa'idah organization and the Taliban and other individuals, groups undertakings and entities associated with them from obtaining items under the established arms embargo?

The Commissioner of Police and the Office of the Prime Minister must approve all arms imports, exports and transit of arms, ammunition, dangerous explosives before they can enter Dominican ports-of-entry. The Commonwealth of Dominica is not a producer of weapons or ammunition.

23. Do you have safeguards that the weapons and ammunition produced within your country will not be diverted/used by Osama bin Laden, members of al-Qa'idah organization and the Taliban and other individuals, groups, undertakings and entities associated?

A permit would not be granted if there was any reason to believe that the goods would be diverted to Osama bin Laden, al-Qa'idah or the Taliban. This is enforced by Dominican Customs and the Dominica Police Force.
