**Annex to the note verbale dated 5 January 2018 from the
Permanent Mission of Brazil to the United Nations addressed to
the Chair of the Committee**

**Report of Brazil on the implementation of Security Council
resolutions [2371 \(2017\)](#) and [2375 \(2017\)](#)**

1. Further to its previous reports ([S/AC.49/2006/35](#), [S/AC.49/2009/40](#), [S/AC.49/2010/7](#), [S/AC.49/2013/2](#), [S/AC.49/2016/63](#) and [S/AC.49/2017/75](#)) submitted to the Security Council Committee established pursuant to resolution [1718 \(2006\)](#), the Government of Brazil has the honour to inform the Committee about the concrete measures that it has taken with a view to effectively implementing the relevant provisions of resolutions [2371 \(2017\)](#) and [2375 \(2017\)](#) concerning the Democratic People's Republic of Korea.
2. By means of presidential decrees Nos. 9.170 of 16 October 2017 and 9.200 of 21 November 2017, respectively, resolutions [2371 \(2017\)](#) and [2375 \(2017\)](#) were incorporated into Brazilian law and the implementation thereof made mandatory for all Brazilian authorities and for all individuals and entities under its jurisdiction.¹
3. The Permanent Mission of Brazil to the United Nations would like to recall that the additional sanctions adopted under resolutions [2371 \(2017\)](#) and [2375 \(2017\)](#) will be applied within an already consolidated set of laws and practices implemented by Brazilian authorities concerning the sanctions against the Democratic People's Republic of Korea.
4. As stated in the report submitted by Brazil in 2016 ([S/AC.49/2016/63](#)) with regard to the arms embargo and non-proliferation measures outlined in the sanctions regime, the legal and institutional framework referred to in paragraphs 3 to 11 of the report submitted by Brazil in 2010 ([S/AC.49/2010/7](#)) is suitable for the implementation of any additional sanctions. With respect to the trade bans on coal, minerals, fuel, seafood, lead, all condensates and natural gas liquids, refined petroleum products, crude oil and textiles, as well as the new restrictions on work authorizations, joint ventures and investments, and with respect to the updated sanctions list, the Brazilian authorities, including the Department of Federal Revenue and the Department of Federal Police, have the power to enforce the provisions of the relevant sanctions and combat the smuggling of prohibited goods, as detailed in paragraph 2 of the report of 2010.
5. With regard to the financial sector, the legal framework to implement the sanctions regime was explained in detail in paragraph 4 of the report submitted by Brazil in 2016 ([S/AC.49/2016/63](#)). The Brazilian judiciary has issued three precautionary measures, most recently on 27 April 2017, accepting in advance the Government's request to freeze all assets, rights or values of the individuals and entities designated under United Nations resolutions on sanctions against the Democratic People's Republic of Korea, including resolutions [2371 \(2017\)](#) and [2375 \(2017\)](#). At the time of writing, however, no assets, rights or values of the aforementioned individuals or entities had been found in Brazil.
6. The following competent authorities are being kept informed about updates to the sanctions regime concerning the Democratic People's Republic of Korea, in order to prevent any violations:
